

Home Modification Evaluation

www.PortalsLLC.org

ACCESSIBILITY IS KEY TO EMPOWER YOUR CLIENTS

At Portals LLC, we provide Home Modification Evaluations for anyone wanting to make their home accessible to their current living situation.

Whether that is an update to the bathroom, a stair-lift to access the second floor or basement, or a ramp to the entrance of the home, we will compile a list of recommendations that are based on the vocational needs of the client.

Our goal is to ensure the modifications are ADA compliant, with products and materials that meet a quality standard,

and that the construction companies have a clear set of instructions for what to bid on.

When the contractor is on the job, we are here to help make sure the job is done right, troubleshooting problems as they arise. When the job is finished, we will go back out to inspect the work, ensuring it meets a high quality standard and to review all job specifications.

Portals LLC provides the information and research so VR and its clients can make informed choices. Call us today!
