

Highlighting Self-Employment Success Stories Across Indiana

Lezli Jacob

LEZLI'S STORY

For Lezli, she was looking for something fresh and needed a change. Something that would help make her a kinder, gentler person. When you speak to Lezli, you know exactly why she is successful at what she does. From the moment you meet, you know she is a genuine person who cares about helping people feel better in their daily lives. Lezli says, "It's about your health. The blood needs to flow through your body to help get you moving; to make your life better."

Lezli started the business in 2016 and has created a calming sanctuary inside her home for clients to come get their massage treatments. For Lezli, she is all about helping you really find out what is causing you pain. Lezli helps people dealing with ailments such as chronic pain, musculoskeletal issues, or even cancer and Parkinson's. When asked about her inspiration for the business Lezli said, "I like to help people and I really feel like I am."

Lezli was asked about her experience working with Portals, she says, "It's been awesome, listen to them as they have a lot of good ideas." If you are thinking about entering the VR self-employment program, Lezli says, "You cannot be in a hurry, things will happen when they are supposed to happen."

If you happen to be in the Marion area and are in need of a therapeutic massage, give Lezli a call or message her Facebook page to schedule an appointment.
